

Biotype GmbH is a biotech company with more than 20 years of experience in developing, producing and distributing products for molecular diagnostics. Operating from our headquarters in Dresden, we are currently expanding our business into new markets. For the development and expansion of our operations, we are looking for dedicated team members, with a strong hands-on mentality and a passion to bring the company to the next level. Join us to actively shape Biotype's future. To strengthen our team, we are looking for a:

Product Manager (m/f/d)

Your Position

As Product Manager at Biotype, you are responsible for the development, marketing and maintenance of molecular genetic products for Biotype's proprietary Modaplex platform

Your Tasks

- Implement and coordinate product developments from product idea to the product launch
- Establish business plans and case reports
- Develop and execute market entry- and product sales strategies in coordination with global sales
- Create and provide product-related marketing material
- Lead and coordinate key projects and represent the company as well as the product lines at congresses, webinars etc.

Your Profile

- Proven experience in product management in molecular diagnostics, optimally in the field of oncology and/or companion diagnostics
- Completed biology/biochemistry/molecular biology/biomedical studies (Dipl./Msc./PhD) or similar study/education in natural science or medicine
- Goal-oriented attitude, an analytical mindset and the ability to work effectively within an interdisciplinary team is a prerequisite
- Ambitious, intrinsically motivated and efficient working attitude paired with strong problem-solving skills are characteristics that fit to Biotype
- Experience to work in a regulated environment under ISO 13485 and ISO 9001
- Excellent communication skills (written and verbal) in German and English
- Willingness to travel on business

We offer

- Work in an innovative company with a cooperative and enthusiastic working atmosphere
- A diverse environment with room for one's own initiative, new ideas and independent work
- Opportunities for further qualification and additional social benefits such as health provision, coffee and tea, fresh fruits and lunch discounts

Do you see yourself in that role and are interested in joining Biotype?
